Thank you for your interest in and commitment to NCAA baseball. The purpose of this 2019 Game Officials Manual is to outline the guidelines, policies, and responsibilities for an umpire participating in the NCAA Division I Baseball Championship. This Game Officials Manual should be used as a complement to the 2019 and 2020 NCAA Baseball Rules and Interpretations Book and the 2019 NCAA Division I Baseball Pre-Championship Manual.

Comments and suggested additions to this manual are always welcome. If you have any questions, please contact either of the undersigned.

   b. Must be scheduled to work a minimum of six regular season in-conference games and be recommended by that conference.
   c. Must have at least five years experience at the Division I level with a minimum of 25 NCAA games each year OR at least three years of professional baseball experience plus two years at the Division I level.
   d. Must work a minimum of 25 Division I games in the current season.
   e. Must attend an NCAA Regional Umpire Clinic (if applicable) or view the NCAA rules clinic online.
   f. May not serve as a conference umpire coordinator or assign umpires to work Division I games.
   g. Must receive a passing grade of 85% or better on the annual NCAA baseball test by the deadline date.
   h. Submit the signed release form and final authorization form by the deadline date which will authorize a background check to be conducted.
   i. The national coordinator, regional advisors, and Division I Baseball Committee will select 96 umpires from the conference approved lists, taking the following into consideration:
      1) College World Series Experience.
      2) NCAA Division I Super Regional experience.
      3) NCAA Division I Regional experience.
      4) Division I conference tournament experience.
      5) Division II or Division III championship experience.
      6) Division I conference experience.
      7) Quality of schedule.
      8) Number of games officiated in the conference that has recommended them.
      9) Previous evaluations.
      10) Off field conduct (professionalism).

2. Criteria for Assignment to NCAA Division I Super Regional
   a. Must be recommended by at least one Division I conference.
   b. Must be selected to work a Division I Regional in the current year.
c. May not be selected in the same year that assignment to the CWS occurs. (Exception: CWS alternate)

d. It is preferred that an umpire have worked at least four previous regionals.

e. Must work a minimum of 25 Division I games in the current season.

f. Must attend an NCAA Regional Umpire Clinic (if applicable) or view the NCAA rules clinic online.

g. May not serve as a conference umpire coordinator or assign umpires to work Division I games.

h. Must receive a passing grade of 85% or better on the annual NCAA baseball test by the deadline date.

i. Submit the signed release form and final authorization form by the deadline date which will authorize a background check to be conducted.

j. The national coordinator, regional advisors, and Division I Baseball Committee will select 32 umpires from the conference approved lists, taking the following into consideration:

1) College World Series experience.
2) NCAA Division I Super Regional experience.
3) NCAA Division I Regional experience.
4) Division I conference tournament experience.
5) Division II or Division III championship experience.
6) Division I conference experience.
7) Quality of schedule.
8) Number of games officiated in the conference that has recommended them.
9) Previous evaluations.
10) Off field conduct (professionalism).

3. **Criteria for Assignment to the NCAA Men’s College World Series (CWS)**

a. Must be recommended by at least one Division I conference.

b. Experience working a minimum of two Division I Super Regionals.

c. Must work a minimum of 25 Division I games in the current year.

d. Must attend an NCAA Regional Umpire Clinic (if applicable) or view the NCAA rules clinic online.

e. May not serve as a conference umpire coordinator or assign umpires to work Division I games.

f. Must receive a passing grade of 85% or better on the annual NCAA baseball test by the deadline date.

g. Submit the signed release form and final authorization form by the deadline date which will authorize a background check to be conducted.
h. The national coordinator, regional advisors, and Division I Baseball Committee will select eight umpires from the conference approved lists, taking the following into consideration:

1) College World Series experience. (As applicable for the second consecutive year, the preference that an umpire work the CWS only once in a three year period is no longer applicable).
2) NCAA Division I Super Regional experience.
3) NCAA Division I Regional experience.
4) Division I conference tournament experience.
5) Division II or Division III championship experience.
6) Division I conference experience.
7) Quality of schedule.
8) Number of games officiated in the conference that has recommended them.
9) Previous evaluations.
10) Off field conduct (professionalism).

4. Conference Recommendation Procedures
NCAA Division I conferences that receive an automatic qualification to the championship tournament are asked to submit a list of umpires from their conference that qualify and that they recommend for a postseason assignment. In order for a conference to receive an automatic umpire assignment into the Regional tournament, a representative (conference coordinator, baseball administrator, etc.) must attend the previous year’s conference coordinator meeting (in-person meeting or via teleconference) and one of the NCAA Regional Umpire Clinics in its entirety (if applicable) or view the online NCAA rules clinic. These lists must be completed and submitted based on current season evaluations and must be received by the date set each year. A conference may recommend as many umpires as they deem qualified for consideration but must recommend a minimum of five individuals. If less than five are recommended, the conference is subject to loss of its umpire selection automatic qualifier. Conferences may only recommend umpires that have been assigned six or more conference games. The list should be submitted in rank order of recommendation and provide all requested information. Conferences may only formally recommend for championship consideration those umpires who they submitted on their respective watch list.

Umpires must have worked a minimum of 25 Division I games as confirmed by the conference coordinator in order to be nominated for assignment to the championship. The Division I Baseball Committee is required to select at least one umpire from each automatic qualifying conference list. However, they are not required to select umpires in the order recommended. NO UMPIRE WILL BE ASSIGNED UNLESS THEY HAVE BEEN RECOMMENDED BY AT LEAST ONE DIVISION I CONFERENCE.

5. Assignment Procedures
Once the lists have been received by the conferences, the national coordinator will compile and review the lists to ensure that all recommended umpires meet the requirements listed in this manual. The national coordinator and regional advisors will evaluate recommended umpires based on the criteria listed above and make a formal recommendation to the officiating subcommittee of the Division I Baseball Committee. The subcommittee will review these recommendations and make any changes they deem appropriate. These recommendations are then sent to the full Division I Baseball Committee for approval and notification. The Committee does not set a maximum number of umpires that can be assigned from a given conference in the Regional or Super Regional tournaments. For the College World Series, the Committee must be aware of not assigning too many umpires from any one
conference so as to prevent any perception of bias at the championship. No conference is ever guaranteed an umpire automatic qualification into the College World Series. The Committee’s overriding goal is to select the very best available officials each year.

Aside from the criteria listed above, the following are taken into consideration when making recommendations and final selections:

a. Where each umpire is ranked on the conference list.

b. If the umpire is ranked on other conference lists and their ranking on those lists.

c. If the umpire was selected to work the conference tournament this year.

d. In-season evaluations by the national coordinator and regional advisors.

Umpire selections will be posted on the Arbiter NCAA website on Monday, May 20 by 5 p.m. Eastern time.
SECTION 4: ELIGIBILITY REQUIREMENTS FOR UMPIRES

1. In order to be considered for NCAA Division I umpire championship selection and assignment, the following eligibility requirements must be satisfied by the deadline dates:

   a. Attendance at an NCAA Regional Umpire Clinic (if applicable) or viewing the online NCAA rules clinic - See Appendix A for clinic sites (if applicable) and information.

   b. Receive a Passing Grade of 85% or Better on the Annual NCAA Baseball Test. Online rules test must be completed on www.ncaabaseball.arbitersports.com by Monday, February 11, 2019, 5 p.m. ET

   c. Submit the Signed Release Form and Authorization Form which will authorize a Background Check to be Conducted - See Appendix B for process.

2. Verification of Completion of Eligibility Requirements.
Officials may verify that regional clinic attendance (or online viewing of the rules clinic), required testing results, and background check authorization have been received on the NCAA baseball website:

   http://www.ncaabaseball.arbitersports.com

To access information: sign in with your email address and password. Click on the ELIGIBILITY tab to verify your clinic, rules test, and background check status. Each requirement will be green when satisfied and red when not.

These features are only viewable after you register as an NCAA baseball umpire on the NCAA baseball website.

NOTE: When you register for the clinic, be certain that you use the same email address that you used for your NCAA Baseball Central Hub to ensure you receive credit in the Eligibility Center. This includes background checks.
SECTION 5: DIVISION I CHAMPIONSHIP TRAVEL

5.1 TRANSPORTATION

1. Regional Umpires.
Regional site and crew assignments will be made on May 27. You will be contacted by your crew chief or assistant crew chief and notified of your site not later than Tuesday night, May 28. Please do not call the NCAA office or national coordinator unless you have not been contacted by this time. Once you have received your assignment, contact Short’s Travel Management (Short’s Travel) at 866-821-8547. Identify yourself as an NCAA Division I umpire and book your coach class tickets. In some cases, depending on the host site, you will be flying into a nearby hub airport (e.g., Atlanta for Auburn or Clemson; or Dallas for Baylor). This is being done in an effort to be fiscally responsible as well as ensuring the best possible chance of getting home as soon as possible. Luggage costs will be handled per NCAA policy. You are required to fly round-trip to and from the same airport unless previously approved by the NCAA staff. You must be in the host city the night of May 30. Book your return for Tuesday and adjust as necessary. Please note that due to weather conditions, it may be necessary to extend the competition. By accepting this assignment, you are committing to stay at least through Tuesday, June 4. If the tournament cannot be completed Tuesday and you must return home, a replacement will be assigned by the national coordinator. On receipt of your itinerary, check it for accuracy and notify your crew chief of your arrival time and flight number. If you are assigned to a site less than 400 miles from your home, you are required to drive to your Regional site. You will be reimbursed mileage for this trip at a rate of 53 cents per mile. If you are 400 miles or more from the site and choose to drive, you will be reimbursed your actual mileage at a rate of 53 cents per mile, up to the cost of the lowest available coach airline ticket. Mileage reimbursement is meant to cover gas, tolls, and parking expenses. Do not consume any alcohol until after all tournament related activities have concluded for that day during any round of the championship.

2. Super Regional Umpires
Super regional site and crew assignments will be made June 4. You will be contacted by your crew chief and notified of your Super Regional site not later than Tuesday night, June 4. You must be in the host city the night before competition begins. Book your return for the day after a potential third game in the super regional.

3. College World Series Umpires
As soon as you receive your CWS assignment, contact Short’s Travel at 866-821-8547. Identify yourself as a College World Series baseball umpire and book your coach-class tickets. You must be in Omaha by Thursday, June 13. Schedule your departure for Thursday, June 27.

4. Dress Code
Umpires must be dressed in the following manner while traveling to and from the host city and all tournament functions:

<table>
<thead>
<tr>
<th>Acceptable</th>
<th>Not Acceptable</th>
</tr>
</thead>
<tbody>
<tr>
<td>Coat and tie</td>
<td>Denim jeans of any type</td>

5.2 RENTAL CARS

1. **Regional Umpires**
   Your crew chief and assistant crew chief (or a second member of the crew if determined by the crew chief) will make reservations through Short’s Travel for a rental car (vans or SUVs are preferred for one of the vehicles) in their names. It is each umpire’s responsibility to coordinate arrival with the crew chief for transportation to the hotel. If you choose to fly in at a time (or to a different city) that cannot be coordinated with either of the drivers, it is your responsibility to arrange your own transportation to the host city and hotel. During the tournament, the crew chiefs are responsible for the cars and all transportation. These cars are for the use of all members of the umpiring crew and should not be used by just one person. If you have guests attending the tournament, arrange for their transportation separately as to not impose on members of the crew. No umpire should drive an automobile having consumed any alcohol products during any round of the championship. Rental cars will be direct billed to the NCAA. Fuel purchased personally during a tournament is not reimbursable. **Decline the insurance coverage if rental vehicles are through Enterprise or National.**

2. **Super Regional Umpires**
   Your crew chief will make reservations through Short’s Travel for a rental car (preferably a van) in his name.

3. **College World Series Umpires**
   The two crew chiefs will have rental vehicles for the crews’ use for the entire tournament. Reservations will be made by the NCAA. On arrival at the airport in Omaha, the designated drivers should proceed to the designated car rental counter to obtain their vehicles. The rest of the crew can proceed to the baggage claim area and call the hotel to request its shuttle van for pick up. It is approximately five miles from the airport to the hotel.

5.3 HOTEL

1. **Regional and Super Regional Umpires**
   The host institution will make a hotel reservation for each crew member. The rooms will be set-up as a direct bill for the room and taxes. Any and all personal incidental charges are the responsibility of the umpire. Be sure to settle all charges before you leave the site. If you have guests attending the tournament, they may stay with you or you may make other arrangements. Do not ask the host institution, tournament officials, or the hotel for any extra rooms at no charge or to upgrade your room.

2. **College World Series Umpires**
   Umpires will have individual rooms at:

   Homewood Suites by Hilton Omaha-Downtown  
   1314 Cuming Street  
   Omaha, Nebraska 68102  
   (p) 402-345-5100

   Rooms will be set-up as a direct bill for the room and tax. If umpires want to ship their equipment to Omaha, it should be sent to the Umpires Locker Room, c/o Emily Keilman, TD Ameritrade Park Omaha, 1200 Mike Fahey Street, Omaha, Nebraska 68102. The phone number is 402-599-5568. You are responsible for this expense.
SECTION 6: DIVISION I PRE-TOURNAMENT INFORMATION

6.1 PRE-TOURNAMENT MEETING

1. **Regional Umpires**
   The NCAA site representative(s) and host institution will arrange a meeting on Thursday between the coaches, administrators of each institution and other game management personnel. The umpire crew chief and assistant crew chief are NOT required to attend. The site representative(s) will set up a meeting with the entire umpire crew at the game site at least two hours prior to the first game to discuss and confirm ground rules, umpire rotations and other procedures.

2. **Super Regional Umpires**
   The NCAA site representative(s) and host institution will arrange a meeting on the day prior to competition between the coaches, administrators of each institution and other game management personnel. The crew chief is NOT required to attend the pretournament meeting. The site representative(s) will set up a meeting with the entire umpire crew at the game site at least two hours prior to the first game to discuss and confirm ground rules, umpire rotations and other procedures.

3. **College World Series Umpires**
   The national coordinator will meet with the NCAA staff, the Division I Baseball Committee, and team representatives at a pre-tournament meeting tentatively scheduled for Wednesday, June 12 at 6 p.m. Central time.

6.2 UMPIRE CREW MEETING

1. **Regional and Super Regional Tournaments**
   Before the tournament, the crew chief and assistant crew chief will conduct a meeting with the entire crew. It is preferred that the meeting be held the morning of the first game. The crew chief will conduct a thorough review of the four-man mechanics that are to be used during the tournament, and announce the rotation for the tournament. He will discuss off-field behavior, set a time to review ground rules with the NCAA site representative(s), and answer any questions from the crew.

2. **College World Series**
   The entire crew will tentatively meet Friday, June 14 at 1 p.m. Central time at the umpire room to walk the field and discuss ground rules. An instant replay procedures meeting will also be scheduled. The crew pre-tournament meeting will be held in the umpire’s conference room at 9 a.m. Central time on Saturday, June 15. Game assignments for the first four days will be announced at this meeting. The crew will also meet on Sunday, June 23.

6.3 TICKETS

1. **Regional and Super Regional Tournaments**
   Tickets for tournaments must be arranged for and purchased from the host institution. No umpire should ask for or receive tickets for guests at no charge. It is recommended that host institutions provide seats for non-working umpires.

2. **College World Series**
   Tickets for the College World Series can be purchased in advance based on availability through Shehryar Humayun at the NCAA national office 317-917-6873. Requests must be received not later than Friday, June 1. If tickets are needed during the College World Series, please reach out directly to
the on-site NCAA ticketing staff contact for assistance. Umpires will receive a photo credential for admittance to the stadium. **Guests must have a ticket for each game.**

6.4 PAYMENT OF FEES AND EXPENSES

1. **Regional Umpires**
   The NCAA national office is responsible for the payment of your game fees and expenses through ArbiterSports/ArbiterPay. Umpires must sign up for a linked ArbiterSports/ArbiterPay account to be reimbursed for all fees and expenses. Chad Tolliver 317-917-6706 will coordinate all payments. Each umpire will receive $2,336 in game fees (regardless of how many games are worked). Each umpire also will receive $45 per day for meals and incidentals beginning with day of arrival and ending with day of departure. In addition, airline luggage expenses for a maximum of two bags may be submitted for reimbursement if receipts are submitted. The NCAA and host institutions do not reimburse umpires for airport parking, laundry, or any other expenses. These are the responsibility of the umpire.

2. **Super Regional Umpires**
   Each umpire will receive $1,642 in game fees.

3. **College World Series Umpires**
   Each umpire will receive $6,076 in game fees.

6.5 PRE-TOURNAMENT BANQUET

Per NCAA policy, game officials may not attend pre-tournament banquets or social events involving participating coaches or teams before the competition. Please note that these such events are actually not permissible.
SECTION 7: AROUND THE STADIUM

7.1 TRANSPORTATION TO AND FROM THE STADIUM

1. Regional and Super Regional Tournaments
   All umpires must coordinate with the crew chief and assistant crew chief (for Regional Tournaments) as to their transportation plans to and from the stadium. Please notify the crew chief if you plan to arrange for your own transportation. All umpires scheduled to work, including the alternate, must be at the stadium at least one hour and 15 minutes before the scheduled start time.

2. College World Series
   Parking for rental or personal cars will be very limited. If you plan to use your own car, please notify the national coordinator. Umpires should plan to use the hotel parking lot.

7.2 LOCKER ROOMS

The host institution will provide the umpires with a secure locker room to be used for the duration of the tournament. This locker room is for the exclusive use of the umpires. No visitors will be allowed at any time. AT NO TIME SHALL A COACH OR ANY OTHER MEMBER OF A PARTICIPATING INSTITUTION BE ALLOWED IN THE UMPIRE LOCKER ROOM. The crew chief and assistant crew chief must make sure this is enforced. NCAA personnel, the NCAA site representative(s), and clubhouse attendants are the only other individuals permitted in the locker room. The crew chief will coordinate the handling of the locker room to ensure security. It is strongly recommended that valuables not be left in the locker at any time. If any valuables are left in the locker, it is the umpire’s responsibility to secure their valuables. Remember you are guests of the host institution and always be respectful of their facilities. There will be no tobacco products or alcohol allowed in any locker room.

Visitors are permitted in the lounge area of the TD Ameritrade Park Omaha umpire locker room only if they have appropriate credentials for access. However, umpires and families should not abuse this privilege. The lounge is not a place to watch games as it is a working area.

7.3 CLUBHOUSE ATTENDANTS

Host institutions normally assign one or more individuals to assist the umpiring crew during a tournament. The attendants may arrange for meals and drinks for umpires, the laundry of game uniforms, shoe polishing, etc. It has been customary for the crew to give the attendants a gratuity after the completion of the tournament. This is up to the discretion of the crew and should be coordinated by the crew chief. Treat these people with the utmost respect, as they usually bend over backward to accommodate you. If you have a problem regarding the attendant, the crew chief will be responsible for handling the situation with the appropriate tournament administrator.

7.4 GAME BALLS

1. Regional and Super Regional Tournaments
   Game balls will be delivered to the crew chief before the tournament. In most cases, the umpires will be responsible for rubbing up the baseballs before each game. It is the policy of the NCAA to allow each umpire one new game ball as a souvenir. Any umpire discovered taking more than one ball would be subject to discipline by the NCAA. If it appears additional game balls might be necessary, please notify the NCAA site representative(s) promptly.
2. **College World Series**
   Game balls will be handled by the NCAA and will be located near the third base dugout. It is the policy of the NCAA to allow each umpire two new game balls as souvenirs of the tournament. The crew chief will be responsible for distributing these balls. Any umpire discovered taking more than two balls may be subject to discipline by the NCAA.

### 7.5 PRESS BOX

1. **Regional, Super Regional Tournaments**
   The press box is off limits to all members of the umpiring crew at all times.

2. **College World Series**
   The press box, club, suites, NCAA and press meal areas, baseball committee seating and ESPN tent is off limits to all members of the umpiring crew at all times.

### 7.6 DRESS CODE

1. **Regional Tournaments, Super Regional Tournaments and the College World Series**
   All umpires will dress appropriately for travel to and from the stadium each day. Long pants and a dress, casual, or golf shirt are required. It is not acceptable to wear dress shorts, cutoffs, denim jeans, t-shirts, or warm-up suits. You are not allowed to wear any university, conference, or professional team logo item. Remember you are representing the NCAA from the time you leave your home until the time you return.

### 7.7 MEDIA/PRESS STATEMENTS

1. **Regional and Super Regional Tournaments**
   In the event of an odd or confusing play or situation, a pool reporter, selected by the tournament media coordinator, will be escorted to the umpire’s locker room area by the NCAA site representative(s) to receive a rule interpretation. All interpretations will be made by the crew chief or assistant crew chief if the crew chief was involved in the play. During a Super Regional, if the crew chief was involved in the play, another umpire will provide the interpretation.

2. **College World Series**
   The national coordinator of umpires and baseball secretary-rules editor will collectively handle all press inquires.

### 7.8 GIFTS

Host institutions may not give any member of the umpire crew any gift or memento. No umpire should request gifts or souvenirs from anyone involved in the tournament.

### 7.9 SECURITY

The host institution must provide adequate security as umpires enter and exit the playing field and at the umpire locker room. Crew chiefs should discuss this with the NCAA site representative(s) before the tournament begins. It is recommended that at least one security officer accompany game officials to and from the playing field and their locker room.
SECTION 8: ON THE FIELD

8.1 ASSIGNMENTS/ROTATIONS

1. Regional Tournaments

   All assignments and rotations are made by the national coordinator with final approval by the NCAA site representative(s). Rotations will be announced to the crew at the pre-tournament umpires meeting and to the public on game day. Either the crew chief or assistant crew chief must be on the field for every game. Umpires are not guaranteed a specific number of games (plate or bases) during the tournament. An alternate umpire must be in the stadium at all times. Generally, the umpire who just worked home plate should be the alternate; however, this may change if an umpire wants to stay at the stadium for some reason. Umpires are required to be in the locker room at least one hour and 15 minutes before each game that they are assigned to work [or two hours before the first game for a scheduled meeting with the NCAA site representative(s)].

   The rotation for all regional tournaments will be as follows:

   Home Plate / Off (Alt.) / Third Base / Second Base / First Base / Off

   In the event of injury, illness, or any other reason an umpire is not available to work as scheduled, the crew chief will coordinate an adjusted rotation with the national coordinator. The goal is to not require an umpire to work more than two games in a day.

2. Super Regional Tournaments

   All assignments and rotations are made by the national coordinator with final approval by the NCAA site representative(s). The rotation will be announced to the crew at the pre-tournament umpires meeting and to the public on game day. Umpires must be at the stadium at least one hour and 15 minutes before each game [or two hours before the first game for a scheduled meeting with the NCAA site representative(s)].

3. College World Series

   The national coordinator, in consultation with the chair of the NCAA Division I Baseball Committee and the applicable NCAA staff, makes all assignments. Assignments for the first four days of the tournament will be made at the pre-tournament umpires meeting. After the first four days, assignments will be made for the remainder of the CWS and then made for the championship series (CWS Finals) and will be posted in the locker room. Due to numerous factors, the rotation will most likely not remain the same for different portions of the CWS. Umpires are not guaranteed a specific number of games (plate or bases) during the tournament.

   An alternate umpire must be in the stadium at all times. Generally, the umpire who just worked second base should be the alternate; however, this may change if an umpire wants to stay at the stadium for some reason.

4. Injury or Illness

   The alternate will take the position on the field of any base umpire who becomes ill or injured during a game. If the plate umpire becomes ill or injured, the alternate will work second base and the second base umpire will take over behind home plate. It is allowable to make the change at second base a half inning prior to the plate change to minimize transition time. No umpire, unless ill or injured, shall leave any tournament before the conclusion of the championship game. The crew chief should contact the national coordinator if any member of the crew is unable to work the remainder of a tournament. The
national coordinator will decide if a replacement is necessary and will select such person in consultation
with the officiating subcommittee of the Division I Baseball Committee and the NCAA staff.

8.2 TOBACCO PRODUCTS

The use of all tobacco products by umpires at the site of competition (i.e., umpire locker room, playing field,
other areas of the stadium, etc.) as well as during other championship activities such as meetings, press
conferences, postgame interviews, shall be prohibited. The games committee, in accordance with the
misconduct provisions, shall deal with violations of this regulation.

8.3 UNIFORMS/EQUIPMENT

1. Regional Tournaments

NCAA umpires should take pride in their appearance. Uniforms and hats shall be kept clean, pressed,
and in first class condition. Uniforms will be worn only in the dressing room and on the field. Umpires
may not sit in the stands or enter public areas of the stadium while in uniform. A stopwatch must be
used by the second base umpire for administration of all clock rules.

Each umpire is responsible for his own equipment and uniform. The NCAA will provide a sized hat to
each regional umpire. The hats for the entire crew will be sent to the host institution and delivered to
you on arrival.

See Appendix C for Smitty’s Apparel Information and Order Forms.

The standard uniform options are as follows:

a. Short Sleeve black shirt (reference Smitty’s style BB5310 BK). A black or white t-shirt may be
   worn underneath the black shirt. All members of the crew must wear the same color on the bases
b. Shirt sleeve blue shirt (reference Smitty’s style BB5310 CB). A black or blue t-shirt or mock
   turtleneck may be worn underneath the blue style shirt. However, any shiny or dazzle cloth
   versions of these shirts are not acceptable.

c. All shirts must have the “NCAA” letters embroidered on the left breast pocket.

d. Black pullover jacket with convertible sleeves and “NCAA” lettering on the left chest (reference
   Smitty’s BB5322). A black, polo blue, or white T-Shirt or mock turtleneck may be worn
   underneath.

e. Black blazer.

f. Gray pants (reference Smitty’s BB5390; BB5392 for consistent color).

g. Black ball bags.

h. Black socks.

i. Black shoes (white stripes are permitted).

j. Black belt.
k. Black gloves.

l. Black hat with “NCAA” lettering. Each regional umpire will receive one sized hat.

No other variations are allowed and no conference or association patches are allowed. No uniform numbers will be worn in regional or super regional tournaments. All base umpires will dress in the same uniform top; the plate umpire may dress in the uniform of his choice. However, if all umpires are wearing shirts they must all be the same color. **It is not acceptable to wear a short sleeve shirt on the plate with a long sleeve shirt underneath.** No visible jewelry (excluding wedding bands and medical alert bracelets) or watches of any kind other than the pitch clock stopwatch are to be worn on the field during any NCAA tournament game.

It is acceptable for umpires to wear athletic style sunglasses on the field if the conditions warrant. It is recommended that umpires carry the glasses onto the field during the pregame conference and put them on once they reach their respective positions.

2. **Super Regional Tournaments**
   All umpires must bring plate equipment to the Super Regional tournament even if they are not scheduled to work the plate.

3. **College World Series**
   The NCAA will provide sized NCAA hats, shirts with numbers, mock turtlenecks, a NCAA lettered black/white convertible jacket for use in case of inclement weather, slacks and a ball bag. Umpires must return the Smitty’s Apparel order form immediately upon selection for shipment.

Microphones shall be placed on umpires for purposes of airing audio during the ESPN broadcast, under the following conditions:

a. Microphones on umpires are only permitted during the CWS; not preliminary rounds (e.g., Regionals or Super Regionals).

b. All on-field umpires will have a microphone attached to their uniform. Unless there are special circumstances identified by the national coordinator, the home plate umpire will also wear a microphone.

c. ESPN provides a live feed and speaker of the umpire microphones into the umpire room, the NCAA Division I Baseball Committee Room and NCAA Suite at TD Ameritrade Park Omaha. These ESPN feeds allow the NCAA to monitor all umpire audio throughout the CWS.

d. ESPN does not have permission to use the umpire microphones to air live conversations. Rather, ESPN records the conversations and airs them during the next available break in action.

e. The National Coordinator of Umpires also has a live feed of the umpire microphones connected to an ear piece. He is able to communicate with the ESPN Producer by phone from the umpire room. ESPN has the responsibility to obtain permission from the National Coordinator to air any potentially controversial or questionable topics or language.
f. ESPN is instructed to cut off the usage of the microphones between innings, during which time the umpires usually converse amongst themselves, communicate to the grounds crew, stretch, etc.

8.4 TEAMWORK

Games are to be officiated by a crew of umpires, not four or six individuals. Umpires should officiate and communicate as a team and should assist and support one another on the field at all times. Umpires should avoid any conduct (including communication both verbal and non-verbal) that would suggest to coaches, student-athletes, or fans the existence of dissention or friction within the crew.

8.5 STYLE OF FORM OF CALLS

The NCAA allows individualism in style and form of basic umpire mechanics and recognizes that the individual styles of umpires have evolved over a number of years. However, certain fundamentals should be evident in signals and calls:

1. NCAA umpires shall make a signal on all calls with the exception of “ball” and an obvious catch of a fly ball. Signals are to be visible, crisp, and clear. Voice calls should be clearly audible.

2. All signals should project decisiveness to the teams, fans, and media. Signals should not be slow to the point of appearing uncertain or causing confusion for the fans or media.

3. NCAA umpires are expected to increase the assertiveness of their call (signal and voice) as the play becomes closer. A causal, laid back signal is not appropriate on a crucial, close play. However, over-elaborate, excessive signals also are not an acceptable technique.

8.6 ATTITUDE

The NCAA expects energetic and earnest work from every umpire working a championship assignment. Umpires must be 100% focused every pitch of every game without regard to the score, inning, record of teams involved, or any other external factor. Umpires must present themselves with a high level of intensity and concentration throughout every game. They are expected to display an alert, eager, confident, enthusiastic demeanor on the field. Unacceptable demeanor includes appearing bored, lethargic, casual, arrogant, cocky, antagonistic, timid, lackadaisical, and other unprofessional appearances.

8.7 CHARACTER

NCAA umpires are expected to exhibit and uphold the standards of integrity of the umpiring profession. The image of an NCAA umpire demands honesty and a sense of high ethical standards. NCAA umpires should make every decision based on the circumstances and facts presented, regardless of an umpire’s past history with a particular student-athlete or team. No umpire should ever threaten a student-athlete, coach, or team with future retaliation. NCAA umpires should accept constructive criticism from conference coordinators of umpires or regional umpire advisors.

8.8 FRATERNIZATION

NCAA umpires should avoid excessive casual, unnecessary conversations with student-athletes, coaches, team personnel, or fans during the progress of a game. Umpires may not visit team or university offices unless
official business requires otherwise. To avoid appearances of impropriety, umpires should be cautious regarding any casual fraternization with university employees.
8.9 HUSTLE AND ENTHUSIASM

The NCAA expects a consistently high level of hustle and enthusiasm from every umpire. These qualities should be evident in all movements and mannerisms on the field. Umpires are expected to hustle to and from positions while not exhibiting “false or over hustle”. They must demonstrate a keen interest from start to finish and must not appear disinterested at any time. They must also remain focused and intense regardless of their position on the field or the status of the game. Every pitch and every play must be treated with the same respect. Umpires must assume a ready position (hands on knees or walking into the pitch) before every pitch. Hands on hips or arms folded across the chest are not acceptable ready positions.

8.10 GETTING THE CALL RIGHT

It is the philosophy of the NCAA that umpires always seek to “GET THE CALL RIGHT”. This may involve the reversal of a previously rendered decision. The correct decision, not the pride of any umpire, must prevail. Umpires must understand the importance of their calls and how important it is to work as a crew to GET THE CALL RIGHT. If a calling official has any doubt of his call or if any unusual play develops that causes confusion, get the crew together, consider all aspects of the play, and make sure the correct call is being made.

Following are general guidelines for this policy:

1. NCAA rule 3-6-g states “No umpire shall criticize or interfere with another umpire’s decision, unless asked by the one making it; however, if there is a misinterpretation of a rule, it should be brought to the attention of the umpire-in-chief”. Therefore, except in special situations such as those outlined in the next paragraphs, the umpire making the call must be the one to seek assistance of a partner.

2. An umpire is urged to seek help when his view is blocked or positioning prevents him from seeing crucial elements of a play. An umpire is also encouraged to seek help in instances when he has any doubt and a partner has additional information that could lead to the proper ruling.

3. In situations such as those listed below, a partner who is 100% certain he has additional information unknown to the umpire making the call should approach unsolicited and alert the other umpire to such information. However, the ultimate decision to change a call rests with the calling umpire.

   a. Deciding if a home run is fair or foul.
   b. Deciding whether a batted ball left the playing field for a home run or ground rule double.
   c. Cases in which a foul tip is dropped or trapped by the catcher.
   d. Cases in which a foul fly ball is caught or not caught.
   e. Cases when an umpire clearly errs in judgment because he did not see a ball dropped or jugged after making a tag or force.
f. Spectator interference plays.

g. Balks called by an umpire who clearly did not realize the pitcher’s foot was off the rubber.

h. Changing a call of “foul” to “fair”. The umpires may conference after a batted ball that first touches the ground or a fielder beyond the initial position of the first or third baseman has been ruled foul. After consultation with the entire umpire crew, the Crew Chief will place the base runners where the crew believes they would have advanced had the ball been first ruled fair. The Crew Chief and crew should be conservative on their placement of runners.

i. Changing a call of “catch” to “no catch”. The umpires may conference after a fair batted ball has been hit into the outfield or on any foul ball to determine whether the fielder did or did not make a catch. Note: If the ball is foul, it remains a foul ball.

1) The ball is dead.
2) The batter is placed at first base.
3) Each base runner is advanced one base from the base occupied at the time of the pitch.

j. Changing a call of “no catch” to “catch”. The umpires may conference after a fair batted ball has been hit into the outfield or on any foul ball to determine whether a fielder did or did not make a catch.

1) The ball is dead.
2) All action prior to the ball becoming dead shall be disallowed.
3) The batter shall be declared out.
4) All base runners shall be returned to the base they occupied at the time of the pitch. Note 1: A call of “no catch” within the infield can be changed to a “catch” if there are one or more runners on base and the change to a “catch” results in the third out, or at any time with no base runners and the change affects the batter only. Note 2: For the purpose of applying the changing of a call of “catch” to “no catch” (Section 9) or “no catch” to “catch” (Section 10), a fair batted ball shall be considered “hit into the outfield” when it is hit into the outfield area beyond the nearest infielder. A line drive hit directly toward an infielder shall not meet the requirement for a potential change of the initial call.

4. Umpires are not required to seek help on plays on which they are 100% confident in their judgment and view of the play. Head coaches are not entitled to a second opinion when the calling umpire is certain his decision is correct. On the other hand, and contrary to past practice, umpires are not to “die with a call” in cases where:

a. The calling umpire is not 100% certain he is right, and
b. Another umpire has additional information which could lead to a proper ruling. Both NCAA philosophy and umpire integrity - consistent with NCAA rules - dictate that calls are reversed in this situation.

c. Any unusual play develops in a game that causes confusion or that may present a need for the entire crew to get together to make sure that all aspects of the play are considered such as interference, obstruction and the placement of runners.

5. When an umpire seeks help, he should do so shortly after making the original call. Umpires should not have a lengthy discussion with the head coach or others and then ask for help. (The umpire may actually speed the game up by sending the coach back to his position and then requesting the crew to get together.) If the calling umpire seeks help, all members of the crew are to get together and should avoid multiple meetings. This conversation must take place away from players or coaches. All coaches must return to their position (coaching box or dugout) and, by rule, may not leave their position once the decision is made or continue arguing the call. If a call is reversed, coaches are entitled to an explanation. The Crew Chief is expected to ensure that NCAA philosophies are enforced over any single umpire’s pride.

6. Judgment calls, which have traditionally not been subject to reversal, include force plays (when the ball is not dropped and the foot is not pulled), and balls and strikes (other than half swings). This practice shall continue. Also, some calls cannot be reversed without creating larger problems.

Overall, umpires are urged to seek help on reversible plays in which they may have erred by not seeing a crucial element of a play. Such meetings, while necessary, should be infrequent and not become a substitute for umpires seeking proper angles, exercising sound judgment, and having the conviction to stay with a call that an umpire believes was properly made.

8.11 VIDEO REVIEW PROCEDURES − SUPER REGIONALS AND THE COLLEGE WORLD SERIES

The NCAA baseball playing rules (Appendix E) permit the use of video review. In conjunction with the playing rules, the Division I Baseball Committee has approved centralized video replay at the Super Regionals and at the Men’s College World Series.

The following plays will be reviewable by the crew chief at his discretion at any time during the game or with the use of a coach’s challenge (each coach is permitted two challenges per game):

1. Deciding if a batted ball is fair or foul. The ball must first touch the ground or a fielder beyond the initial position of the first or third baseman.

2. Deciding if a batted ball is either a ground-rule double or a home run.

3. Any “catch” or “no catch” ruling in the outfield or foul territory.
4. A “no catch” ruling in the infield in some instances. With runners on base, a “no catch” within the infield can be changed to a “catch” only if it results in a third out. With no runners on base, a “no catch” within the infield can be changed to a “catch” at any time.

5. Spectator interference.

6. Deciding scoring plays at home plate inclusive of collisions (illegal and/or malicious slides) or time plays.

The following plays will be reviewable only by a coach’s challenge at any time during the game or at the crew chief’s discretion during the last two innings of regulation and any extra innings:

7. Force and tag play calls at any base.

8. Calls involving whether a base runner passes a preceding runner; determining whether a base runner scored ahead of a third out; and upon an appropriate appeal by the defensive team, determining whether a base runner touched a base.

9. Plays involving a hit by pitch.

10. Deciding if a runner failed to retouch a base after a fair or foul ball is legally caught.

11. Non-home run boundary calls including the placement of runners following a boundary call.

12. Deciding if interference occurred on a runner’s attempt to break up a double play.

The process will be handled in the following manner:

When centralized video review is used, the off-field video review official will be considered an extension of the umpiring crew and will have the ability to notify the umpires on the field that a review should be initiated. The video review official will be permitted at any time to initiate a review for plays included in the first list (1-6) above. For the second list (7-12), the video review official can initiate review during the final two innings of regulation and during extra innings.

The following criteria will be used by institutions and conferences using video review during the regular season and by the NCAA during championship play:

1. Video review is a video process which falls within the NCAA Baseball Rules in Appendix E: Getting the Call Right. It can be used to either let stand a ruling on the field by the game officials or to confirm or reverse that ruling.

2. The video review process operates under the fundamental assumption that the ruling on the field is correct. Only if there is indisputable video evidence to remove all doubt that a ruling was incorrect will a call be changed. Absent that evidence, the original call will stand.

3. Any video review must occur before the next pitch or play. If it occurs after a game ending play, it must be called for before all umpires leave the field of play.

4. Unless a coach’s challenge is used, the crew chief makes the determination to use video review.
5. If video review is used, the crew chief and the calling umpire will gather all necessary facts from the crew regarding the play (i.e., where runners were at the start of the play, etc.) and then would go to the designated on-field video review area. If the crew chief is the calling official, he will designate one additional member of the crew to remain with him during the review. Both individuals involved in the replay ideally will wear a headset; however, if only one headset is provided, the crew chief will wear the headset.

6. The on-field video review area is a secure environment completely clear of all other persons except the on-field technician (video review facilitator) assisting the crew and possible security personnel.

7. During a video review the defensive team shall maintain their positions on the field and may practice throw if desired. Offensive base runners and the on-deck hitter shall maintain their positions. Other personnel shall remain in the dugout. Any defensive or offensive conferences will be charged as during any other part of the game. The Umpire Crew will use the headset(s) and step away (clear themselves) from all dugout personnel.

8. While there is no time limit for the video review, lengthy reviews (more than two-three minutes) are discouraged and are possible evidence that there will be no indisputable video evidence to change a call.

9. All equipment should be tested by appropriate personnel before each game and a test connection should be made to the centralized location.

10. The crew chief may confer during the review with other members of the umpiring crew but the ultimate final decision is with the centralized review official(s). This final decision may not be argued by either head coach.

11. If the reversing of a call results in the need for decisions on the placement of base runners, the centralized review official(s) will use his best judgment to determine their locations as if the call had been made correctly. These decisions are also not to be questioned by the head coach. Some situations are predetermined by the NCAA baseball playing rules.

12. If a call has been changed, the crew chief would notify both head coaches of the ruling.

13. When the umpires conference and then determine that the play will be reviewed, the PA announcer will announce “The play is under further review”.
   a. Prior to review, the stadium video board is permitted to replay the play in question only one time at regular speed.
   b. During the review, the stadium video board is permitted to replay the play in question only one additional time at regular speed. (This requirement is subject to review.)

14. After a review, the crew chief will designate the following (whichever may be applicable on the play):
   a. Give the home run signal or fair ball signal;
   b. Point to the bases to be occupied by runners;
e. Give the foul ball signal;

d. Signal Catch or No Catch;

e. Signal Out or Safe.

15. During Super Regionals and the Men’s College World Series, two individuals will serve as the video review crew at the centralized location and will be determined by the NCAA Baseball Umpire Program (names will not be publicized). The two individuals will be the most familiar with the NCAA playing rules, umpire mechanics and the video review protocol procedures.

16. The video review officials will review all relevant angles provided by the television crew and quickly render a decision. The two video review officials will work under the assumption that the on-field decision is correct unless there is indisputable video evidence that shows otherwise. If the two individuals cannot agree on the outcome, the on-field decision will stand.

17. One review official will be responsible for the direct communication between the centralized location and the on-field crew chief. The second review official will be responsible to ensure that the call is reviewable and that all aspects of the review policy and the NCAA playing rules are adhered to during the review.

18. There are three options: Confirmed, Stands or Overturned.

8.12 BETWEEN INNING CLOCK PROCEDURES FOR TELEVISION GAMES

The between half innings and between pitches clock protocol and rules with no runners on base are in effect. The expectation is that the NCAA rules are to be followed. Certainly, common sense must be used when enforcing these rules if there are delays beyond the control of the participants such as those listed in Appendix F in the rule book.

1. For games with live television (TV), the NCAA has determined that the time between half innings will most likely be 135 seconds (two minutes, 15 seconds). This timing will be umpire controlled, even though there will be a TV Timeout Coordinator (TOC) or Red Hat on-site.

2. For games with no TV (e.g., live Internet video streaming or radio broadcasts), there will be 120 seconds between half innings, which begins when all defensive players have started to leave their positions after the last out has been made and stops when the umpire calls “Play” to begin the next half inning. The pitcher should be holding the ball and touching the pitcher’s plate and the first batter should be in the batter’s box ready to hit within this time limit.

3. The clock will be kept on the field unless a visible clock is available in the stadium (recommended). The clock will be kept and/or monitored by the second base umpire.

4. Normal grounds crew and field maintenance must occur during the allotted time between half innings and should not delay the between innings clock or the resumption of play.

5. For the fifth inning head coaches interviews (top of fifth and bottom of fifth – e.g., when the head coach’s team is on defense or in the field), the time will be extended until the head coach’s live TV interview has concluded. This is subject to change by an inning or two.
6. The second base umpire should cue or signal to the TV TOC/Red Hat and the home plate umpire, and the clock operator (when a visible clock is used) when the clock starts and when there are 30 seconds left and 15 seconds remaining in the between innings time limit. These cues and/or signals will alert TV, and, allow the home plate umpire to prepare the batter and pitcher to get ready to resume play.

7. There is not an enforceable rule that says we are unable to begin until the time limit has elapsed (due to live TV coverage), or are unable to go over the time limit allotted (without penalty to pitcher or batter if there is a delay beyond the control of the participants). However, we need to consistently begin the half inning on time. Any obvious or flagrant violations by a pitcher or batter should be enforced and penalized.

8.13 HANDLING SITUATIONS

NCAA umpires must walk a fine line between keeping the game under control and not exacerbating situations with overly aggressive or arrogant actions. Although every situation is unique, the NCAA strives for uniformity in dealing with situations on the field with the following general guidelines:

1. Umpires should remain calm, professional, tactful, firm, in control, fair, and impartial. They cannot be perceived as overly aggressive, confrontational, hot-headed, short-tempered, timid, intimidated, or nervous. Umpires must never display impatience or a condescending attitude.

2. Umpires are expected to understand their role as a steady, calming influence on the game. Umpires must be able to sort out complex and important situations and cannot be hesitant to make unpopular decisions.

3. Umpires should never ignore occurrences on the field that require their attention to maintain order and control. But when difficult situations arise, it is essential that umpires stay above the emotional fray and never lower themselves to the excitable level of a particular student-athlete or coach. Umpires must be clear and decisive, while not overly aggressive or overbearing. They are expected to become more assertive if the situation calls for such, but must control their temper at all times. Umpires must calm volatile situations while keeping control and managing them.

4. Umpires are required to listen to head coaches if discussions are reasonable and non-emotional. Umpires are to be firm and authoritative in conversations with head coaches, but never should initiate an argument. Umpires must not create unnecessary friction by ignoring reasonable inquires. At the same time, NCAA umpires must command respect and never tolerate personal abuse.

5. Umpires should AVOID sarcastic remarks or profanity and not insist on the last word. The NCAA will not tolerate umpires’ language, which if used by a student-athlete or coach toward an umpire, would result in discipline. Umpires should not curse regardless of the situation.

6. Umpires must not charge a student-athlete or coach or follow him if the argument is over and he is walking away. Umpires cannot look for trouble or invite arguments. If a situation can defuse itself, umpires must allow it to happen. Umpires must not be perceived as having escalated a situation.

7. Umpires must NOT initiate contact with a student-athlete or coach. Initiating contact, including “bumping” and physical finger pointing will subject umpires to discipline.
8. Umpires must never be resentful or hold grudges. Decisions must be made individually regardless of past history with a particular student-athlete, coach, or institution. Umpires should never attempt to “even-up” with a student-athlete or coach with whom he has had previous problems.

8.14 EJECTIONS/SUSPENSIONS

1. **Ejections**

   Umpires are entrusted with the power to remove any participant from a game. This responsibility should never be taken lightly. The NCAA recognizes that every situation is unique and that umpire discretion is essential to proper game management. Notwithstanding unique or extraordinary circumstances, student-athletes and coaches look to umpires for uniformity in applying consistent standards for ejections. The following general principles should be considered when deciding whether to eject a coach, student-athlete or another member of the team personnel from a game.

   a. Use of profanity specifically directed at an umpire or vulgar personal insults of an umpire, including accusations of bias or cheating are grounds for an immediate ejection (NCAA 2-26).

   b. Once a ball-strike warning has been issued and the umpire notifies the head coach, no coach or player is allowed to continue to argue balls-strikes or half swings from any location. Offenders are subject to immediate ejection (NCAA 3-6-f, Note 1).

   c. Physical contact with an umpire including bumping, spraying, shoving, kicking, spitting or any other physical abuse or threat of physical abuse is an automatic ejection and suspension without a warning (NCAA 5-16-b).

   d. Refusal to stop arguing and further delaying the game after the umpire has provided the head coach an adequate opportunity to make a point are grounds for ejection. The umpire should warn the head coach that he has been heard and that he should return to his position or be ejected. Following an ejection a prolonged argument by any team personnel will lead to suspension (NCAA 2-26, A.R.7, NCAA 5-15-a).

   e. If a coach or student-athlete leaves his position or the dugout to argue balls and strikes (including half swings) the individual will be subject to immediate ejection (NCAA 3-6-f, Note 2).

   f. “Step balk,” the head coach is allowed to receive an explanation from the umpire that the call was a “step balk”. Should the head coach continue to argue the “step balk” call, he will be warned to immediately return to his position (or the dugout) or be subject to immediate ejection.

   g. During an argument, if a coach or student-athlete makes reference to having observed a video replay that purportedly contradicts the call under dispute, such person is subject to immediate ejection.

   h. The use of histrionic gestures (e.g., jumping up and down, violently waving one’s arms, or other demonstrations) while arguing with an umpire or stepping out of the dugout or out of the batter’s box and making gestures toward the umpire are grounds for ejection.
i. Throwing anything out of the dugout (e.g., towels, cups, equipment, etc.) is grounds for an automatic ejection. Actions by players specifically intended to ridicule an umpire are grounds for ejection. An example would include drawing a line in the dirt to demonstrate where the player thought the pitch was thrown.

j. Throwing equipment in disgust over an umpire’s call will be grounds for ejection. The umpire may warn the offender for throwing equipment, but if the umpire deems the action severe, the umpire may eject without warning.

k. Any coach or student-athlete who fails to comply with an order from an umpire to do or refrain from doing anything that affects the administering of the rules and regulations governing play is subject to ejection. Examples of this include failure to stay within the lines of the batter’s box after a warning, refusal to submit a piece of equipment for an umpire’s inspection, etc.

2. Ejected persons must comply with the NCAA rules and be out of “sight and sound”. Once the ejected person has left the field or dugout, it is the responsibility of the ejected person and of the home institution’s game management to ensure they comply with all NCAA rules regarding ejections and to report any infractions to the NCAA and respective conference office.

While the standards listed above justify an ejection, they are not all inclusive and umpires are granted discretion to eject any participant without a warning for objecting to decisions or for unsportsmanlike conduct or language. Many ejections also carry automatic suspension penalties depending upon the specific personnel ejected and the reason for the ejection. In addition, there are other situations that result in immediate ejections, such as the pitcher in possession of a foreign substance, a batter charging the pitcher with the intention of fighting, a pitcher intentionally throwing at a batter after a warning or in some instances, without a warning.

If an ejection does occur, the umpire must complete the NCAA Ejection/Suspension Report online on ArbiterSports and send the online report to the national coordinator of umpires within eight (8) hours after the completion of the game. A call should also be made following the game to the national coordinator of umpires.

3. Suspensions
If the student-athlete or coach commits an act that by rule is cause for suspension, the umpire must notify the head coach and the tournament manager and the NCAA site representative(s) immediately. The umpire must complete the NCAA Ejection/Suspension Report and send the online report to the national coordinator of umpires within eight (8) hours after the completion of the game. A call should also be made following the game to the national coordinator of umpires.

See Appendix D for a sample Ejection/Suspension Report Form.

8.15 RAIN/LIGHTNING SITUATIONS

1. Regional and Super Regional Tournaments
The umpire-in-chief will work with the crew chief, assistant crew chief, the NCAA site representative(s), tournament manager and the grounds crew in determining when to use the tarp and when the game will be halted and/or resumed. The NCAA site representative in conjunction with the host institution tournament manager will monitor for severe weather/lightning. If field conditions become dangerous to student-athletes, the umpire-in-chief and crew chief should halt the game and consult with the NCAA site representative(s).
2. **College World Series**
   All decisions to cover the field will be made by the NCAA staff in consultation with stadium personnel and broadcast partners. If field conditions become dangerous to the student-athletes, the umpire-in-chief and crew chief should halt the game and consult with NCAA staff and stadium personnel.

8.16 **PROTESTS**

Any protest by the coach of a competing team must be made at the time of the action or incident that caused the protest and before play is resumed. If the game ends (legal contest) in a situation, the offended team has until all fielders have left fair territory to voice its protest intentions. All protests must be made to the crew chief. However, if he is not working the game, the assistant crew chief or the home plate umpire shall receive the protest. No protest shall be allowed that involves a judgment decision by an umpire. All protests must be ruled on immediately by the protest committee. The committee shall confer with the umpires before making its decision, and the NCAA site representative(s) will make a written report to the Chair of the NCAA Division I Baseball Committee.
SECTION 9: OFF THE FIELD

9.1 CREW CHIEF

Once notified of his site and crew, the crew chief should first contact his assistant crew chief and start the process of notifying the other members of the crew. He should then contact the tournament manager and NCAA site representative(s) to confirm any pre-tournament information and the umpire/site representative(s) meeting. If all members of the crew have not been contacted and the response received by Tuesday night, May 28 for Regionals and Tuesday night, June 4 for Super Regionals, the crew chief should contact the national coordinator of umpires.

The crew chief should confirm the hotel arrangements and then notify the national coordinator of umpires with the following numbers:

1. Crew chief cell phone.
2. Assistant crew chief cell phone.
3. Locker room phone.
4. Press box phone.
5. Hotel (phone and fax).

Aside from the leadership responsibilities on the field, crew chiefs are responsible for conduct of the umpires off the field as well. The crew chief must file a written report of any incident of misconduct, unprofessional behavior, or violation of these guidelines with the national coordinator of umpires immediately after the tournament. Crew chiefs will be held responsible, and possibly disciplined for any incident not reported or for any umpire violations of these policies and procedures.

9.2 EVALUATIONS

1. Regional and Super Regional Tournaments

NCAA site representatives, assistant site representatives, regional umpire advisors, coaches of participating institutions and anyone designated by the national coordinator of umpires are requested to complete an evaluation form for each member of the crew. See Appendix E for the online evaluation form, criteria and scale.

   a. Each umpire should submit an online composite self-evaluation form for each tournament worked.

   b. Each crew chief and assistant crew chief should submit an online composite evaluation form for each umpire of their crew for each tournament worked. The completion of comments is especially important.

   c. Once the championship has concluded, all Regional and Super Regional games will be accessible to umpires via ncaa.com/mediahub.
All evaluations should be sent to the national coordinator of umpires no later than July 15. It is recommended that crew chiefs meet with each member of the crew to discuss his overall evaluation and any problem areas. It is not the policy of the NCAA to forward copies of any evaluations to umpires; however, any umpire may contact the national coordinator of umpires to discuss his evaluations. Evaluation summaries will be compiled by the national coordinator of umpires for the officiating subcommittee.

2. **College World Series**
   The national coordinator of umpires, regional umpire advisors and umpire program staff, coaches, Division I baseball committee members or anyone designated by the national coordinator of umpires will complete online evaluation forms for each umpire. Once the championship has concluded, all CWS games will be accessible to umpires via ncaa.com/mediahub.

### 9.3 GUESTS
Some umpires like to bring spouses or other guests to tournaments. This is acceptable as long as the umpire does not abuse the situation or inconvenience his partners, NCAA site representatives, or anyone at the host institution. Umpires should not ask for free tickets, hotel rooms, or for any other special requests. Having these guests in attendance is the umpire’s responsibility. While it is acceptable to have guests, please remember that your duties and responsibilities as a tournament umpire come first.

### 9.4 ALCOHOL
No alcoholic beverages of any type are permitted in the umpire locker room during a tournament. After an umpire has completed his assignments for a day (including serving as an alternate), he is allowed to drink alcoholic beverages. However, a few guidelines should be adhered to:

1. Do not drink at the stadium.
2. Do not drink in any public places at the hotel.
3. Find a reputable establishment that is not frequented by the media, coaches, or student-athletes.
4. If you are in an establishment when members of the media, coaches, or student-athletes arrive, you should finish your drinks and leave.
5. Do not, under any circumstances, drive an automobile after having consumed alcohol.
6. Do not bring undo attention to yourselves by announcing to people who you are and why you are in town.

We are all adults and should know these things but past experience mandates such policies. Umpires are very visible and, therefore, recognizable to the media, coaches, student-athletes, and fans. The Baseball Umpire Program wants every umpire to have fun and enjoy the experience of working championship tournaments; however, we must be aware of the perception that can be created by inappropriate behavior off the field. If you are not able to adhere to these policies for an entire tournament, you will be replaced.
9.5 GAMBLING

The NCAA opposes all forms of legal and illegal sports wagering. Sports wagering has the potential to undermine the integrity of sports contests and jeopardizes the welfare of student-athletes and the intercollegiate athletics community. Sports wagering demeans the competition and competitors alike by sending a message that is contrary to the purposes and meaning of “sport”. Sports competition should be appreciated for the inherent benefits related to participation of student-athletes, coaches, and institutions in fair contests, not the amount wagered on the outcome of the competition.

For these reasons, the NCAA membership has adopted specific rules prohibiting athletics staff members and student-athletes from engaging in gambling activities as they relate to intercollegiate or professional sporting events.

Please note the following basic guidelines that college baseball umpires should adhere to:

1. Do not ever bet on a game – with anyone. All kinds of tactics will be used by gamblers to encourage your involvement.

2. Do not associate with known or suspected bettors.

3. Do not offer any opinions about any game to anyone – before or after the game.

4. Do not put yourself in a compromising situation through any personal misconduct.

5. Do not accept favors or gifts from suspected or known bettors.

6. Do not furnish any information about a game, student-athletes, coaches, or officials to anyone except when following NCAA procedures.

7. Do not hesitate to discuss any suspicious person(s) with your crew chief, who will notify the national coordinator of umpires. If necessary, a confidential investigation can be conducted. Always inform your crew chief any time an individual suggests (even apparently in fun) that you accept money to affect the outcome of a game.

Gambling not only is a big business – it is dangerous. Your cooperation in the fight to combat it not only will protect intercollegiate competition from its harmful influences, but will place one of your more important aspects - your personal integrity - above reproach.

The NCAA is very concerned about the perception of its officials and gambling. Any local area casino, racetrack, or other establishment where any form of wagering occurs is strictly off limits at all times. No exceptions or allowances will be given in this area and offenders will immediately be removed from the crew.

9.6 OTHER

Be very careful of what you say to anyone about your work as an umpire. Whether you are talking directly to a person or not, be aware that what you say can be overheard and misinterpreted. You should not socialize in any way with anyone from the host institution or from any of the participating institutions. Whenever possible, umpires should enter and exit the stadium together. If confronted by a coach, student-athlete, or fan, do not enter into a discussion; simply excuse yourself and leave.
You should also be extremely careful of any remarks made while traveling, in and around the stadium, and in any social situation that may be interpreted as harassing or sexually offending. Again, you are representing the NCAA at all times and your actions must be above reproach.

While the use or participation in various forms of social media is not prohibited, umpires are cautioned that they are solely and individually responsible for any content. Information or posting of content that is considered to be embarrassing or inappropriate to the NCAA baseball championship or to the umpiring profession is not allowed and will subject the umpire to disciplinary action.

** It is permissible for an individual to attend a clinic other than the one to which his or her conference or institution is assigned.
MEMORANDUM

December 1, 2018

VIA EMAIL

TO: NCAA Registered Baseball Umpires.

FROM: Ben Brownlee
Assistant Director, NCAA Playing Rules and Officiating

Dan Calandro
Director, NCAA Playing Rules and Officiating.

SUBJECT: NCAA Officials’ Background Check Pilot Program.

Three years ago, the NCAA initiated a pilot program to conduct background checks on officials for the NCAA championships in six sports. The dual purpose of this background check pilot program is to ensure student-athlete safety and the integrity of NCAA championships.

The NCAA will continue with the fourth year of the NCAA officiating background check pilot program during the 2018-19 championships seasons. The program will involve the following sports, all of which have an NCAA Central Hub on the ArbiterSports website: baseball, men’s basketball, women’s basketball, bowling, football, ice hockey, men’s lacrosse, women’s lacrosse, soccer, softball, women’s volleyball, water polo and wrestling. Please note only those officials who consent to and satisfy the background check will be considered for selection to work any NCAA championships. There is no additional cost to officials who consent to the background check. The background check will include:

- National Database Sources including county and state jurisdiction, and
- National Sex Offender Registry.

Before a background check can be conducted, an official must consent to the background check by electronically signing the final authorization. This consent must be completed through the NCAA Central Hub on the ArbiterSports website. Officials who decline consent to a background check will be ineligible to officiate any NCAA championships. Additionally, an individual will be ineligible to officiate any NCAA championships if the individual has been convicted of a felony within the last seven (7) years, or if the individual has been placed on the National Sex Offender Registry. In the sole discretion of the NCAA, felonies beyond the seven-year period may also render an individual ineligible to officiate any NCAA championships.

This year, officials also will be asked to authorize the NCAA to share background check reports with the Divisions I, II and III conferences designated by that official during the registration process.
NCAA Background Checks
December 1, 2018
Page No. 2

If an official does not designate a conference(s) during the registration process, the official will be able to add a conference(s) at a later date. The NCAA will have no role in determining whether or how a conference chooses to use the background check report. If an official chooses to withdraw from the background check process after providing authorization, the official must provide written notification of that decision to Ben Brownlee (bbrownlee@ncaa.org) and the conferences with whom the official is affiliated.

Peopletrail, LLC, a company that specializes in background checks and that has integrated its technology with ArbiterSports, will conduct the background checks on behalf of the NCAA. Instructions for completing the background check process will be provided when an official registers on the NCAA Central Hub. Officials failing to satisfy the background check requirement will be notified by the NCAA via ArbiterSports.

As in the past, umpires under consideration for the Division I Baseball Championship will be required to consent to a more extensive background check that will include a credit report check. Verified Volunteers will again conduct these background checks. Details regarding these checks will be sent by Verified Volunteers directly to the involved umpires by mid-March.

If you have any questions, please do not hesitate to contact Ben Brownlee (bbrownlee@ncaa.org or 317-917-6944). Thank you in advance for your cooperation.

BB/DC
NCAA POSITION ON SPORTS WAGERING

The NCAA opposes all forms of legal and illegal sports wagering. Sports wagering has the potential to undermine the integrity of sports contests and jeopardizes the welfare of student-athletes and the intercollegiate athletics community. Sports wagering demeans the competition and competitors alike by sending a message that is contrary to the purposes and meaning of "sport." Sports competition should be appreciated for the inherent benefits related to participation of student-athletes, coaches and institutions in fair contests, not for the amount of money wagered on the outcome of the competition.

For these reasons, the NCAA membership has adopted specific rules prohibiting athletics department staff members and student-athletes from engaging in gambling activities as they relate to intercollegiate or professional sporting events.

Please note the following basic guidelines which NCAA game officials should adhere:

- Do not ever bet on a game—with anyone. All kinds of tactics will be used by gamblers to encourage your involvement.
- Do not associate with known or suspected bettors.
- Do not offer any opinions about any game to anyone—before or after a game.
- Do not put yourself in a compromising position through any personal misconduct.
- Do not accept favors or gifts from suspected or known bettors.
- Do not furnish any information about a game, players, coaches or officials to anyone except when following NCAA procedures.
- Do not hesitate to discuss any suspicious person(s) with your crew chief, who will notify the national coordinator of umpires. If necessary, a confidential investigation can be conducted. Always inform your crew chief any time an individual suggests (even apparently in fun) that you accept money to affect the outcome of a game.

Sports wagering is big business. Your cooperation in the fight to combat sports wagering will not only protect intercollegiate competition from its harmful influences but will place one of your most important assets—your personal integrity—above reproach.

GENERAL POLICIES
GAME OFFICIALS BACKGROUND CHECK PROGRAM
BASEBALL

1. The NCAA championships and alliances (playing rules and officiating) staff administers the program. Specifically, the staff will review the results of the background checks and advise the appropriate NCAA committee and staff member(s) of any officials who are not eligible to officiate. In an effort to protect the privacy of officials, the playing rules and officiating staff are the only individuals involved in administering the program.

2. The following convictions will deem an official permanently ineligible to officiate in any future NCAA postseason baseball tournament game regardless of when the conviction occurred:

   - Any felony conviction;
   - Any sports wagering offense (felony or misdemeanor); and/or
   - Placement on the National Sex Offenders List or any state sex offenders list (for sexual assault or violations of child predator laws).

3. The following items will deem an official ineligible to officiate in that year's NCAA postseason baseball tournament games:

   - Not completing the online background check process by the required deadline;
   - Not attending a NCAA regional in-person clinic (if applicable) or viewing online the NCAA rules clinic (if applicable);
   - Not taking and passing the online rules test by the required deadline;
   - Failure to submit the requested U.S. Citizenship documents before the deadline;
   - Voluntary withdrawal from the comprehensive background check process; and/or
   - NCAA Internal Review committee decision after red-flag criteria review.

4. Any one of the items below will trigger further investigation and thus, based on the totality of circumstances, may also render an official ineligible to officiate in that year's NCAA postseason baseball tournament games. **These items are not an automatic disqualification.** The results of the investigation will be presented to an NCAA internal committee that will make the determination of eligibility. This committee will be presented only with the data -- they will not know the name of the official. Decisions by this committee are final -- there is no appeal process.

   - Casino employment (any capacity) or employment by an entity engaged in gambling activity;
   - Bankruptcy (currently in bankruptcy or any within the past five years);
   - Collections (a pattern of financial delinquencies within the past five years);
   - Tax liens (any current federal or state lien or lien history within the past five years);
   - Unusual transactions (as may be disclosed by the applicant or otherwise learned through the background check process); and/or
   - Alcohol-related driving offenses (within the past five years).

5. The NCAA shall retain the discretion to disqualify an individual up to the time of a scheduled assignment in the event that information surfaces pertaining to the individual's conduct that casts
doubt on the integrity of the NCAA championship.

6. It is the responsibility of the official to notify the NCAA championships and alliances (playing rules and officiating) staff if at any time after completion of the initial background check and up to the time of a scheduled assignment, the official is charged with a crime that is awaiting adjudication or the official is convicted of a violation of law.

7. The NCAA will notify officials who are determined ineligible and if that ineligibility is permanent or for one year only.

8. Before a comprehensive background check can be conducted, an official must confirm consent for the background check to be completed. All officials will electronically sign the final authorization when completing the online background check process. If an official wishes to withdraw from the background check process, the official must provide written notification to the championships and alliances (playing rules and officiating) staff of that decision no later than February 11, 2019. If an official chooses to withdraw from the comprehensive background check process, that official will not be eligible to officiate in any postseason baseball tournament games that year.

9. The NCAA will select an external agency to conduct the background checks, and the information gathered will be retained by the NCAA and will become the property of the NCAA.

10. If the fact (such as mistaken identity) of a conviction is an issue, an official may submit a written appeal. However, an official will not be permitted to appeal the merits of a conviction.

11. All officials are required to submit the online documents each year to be eligible for selection to officiate an NCAA postseason baseball tournament game.
FREQUENTLY ASKED QUESTIONS
GAME OFFICIALS BACKGROUND CHECK PROGRAM

BASEBALL

1. Will my background check information be accepted if completed after the deadline date? No. The online system will be active only during the dates noted on the log-in page. No information can be submitted after the deadline date.

2. If I am not a United States citizen, do I need to submit my United States Citizenship documents every year? Yes. It is possible for changes in your citizenship status to occur from one year to the next, thus, if you are not a United States citizen, you are required to submit your United States Citizenship documents every year. It is strongly recommended that these documents be submitted via traceable mail as it is your responsibility to verify submission if questions should arise.

3. Is the online process the only requirement for the background check program? No. The online process is the first step in the background check process. Selected officials will be required to undergo a comprehensive background check. See Item No. 4 for more details on the comprehensive background check.

4. Will officials who are selected for a full background check be notified? No. Before a comprehensive background check can be conducted, an official must confirm consent for the background check to be completed. All officials will electronically sign the final authorization when completing the online background check process. If an official wishes to withdraw from the background check process, the official must provide written notification to the NCAA championships and alliances (playing rules and officiating) staff of that decision no later than February 11, 2019. If an official chooses to withdraw from the comprehensive background check process, that official will not be eligible to officiate in any postseason baseball tournament games that year.

5. If I electronically sign the release form, will my employer, neighbors or friends be contacted automatically? No. Interviews will be conducted only if an official has triggered the standards that require further investigation. Refer to the General Policies document Item No. 4 for more information.

6. What is included in a comprehensive background check? A comprehensive background check will consist of credit history, driving records, civil litigation, criminal convictions and national and state sex offender registries.

7. Please explain the contracted agency release of liability. Indemnification language: The "contracted agency" in the release language refers to the entity that will provide information to the NCAA. The release absolves the entity (i.e., person or organization) from liability by the official (except for gross negligence). The language assures the entity that the official has granted permission to provide the requested information without fear of legal action. Some officials have speculated that this waiver language applies to the NCAA, but that is not true except in the unlikely event that the NCAA itself is asked to provide background information.
8.  Do repeated credit checks damage an individual's credit rating? Repeated credit checks do not damage an individual's credit rating. Consumer reporting agencies are controlled by 15 U.S.C. 1681, which limits the manner in which credit reports can be distributed and used. The United States Congress included several procedural safeguards within the statute to ensure that consumer reporting agencies do not misuse, redistribute, damage or limit an individual's credit rating due to repeated checks. The NCAA’s requests for credit information will fall within the statutory requirements.

9.  What sports require game officials to undergo background checks? The Division I men's and women's basketball officials have undergone background checks since 1999. As part of the recommendations from the NCAA Sports Wagering Task Force, baseball and men's ice hockey officials have been required to undergo background checks since the 2005-06 season. These athletic events represent the highest level of collegiate competition requiring the NCAA to employ game officials of the highest moral character and personal integrity. The NCAA takes very seriously its obligation to do everything necessary to prevent sports wagering scandals from occurring.

10. Are there background check programs in which coaches and student-athletes participate? Coaches and student-athletes must abide by NCAA Bylaw 10.3, which states, in part, that an individual may not wager on a college or professional sports contest. Each institution is responsible for ensuring that its representatives comply with this important provision.

DI Umpire

Incident/Ejection/Suspension Report

Note: Online submission of this form is intended only for use by umpires working a Division I game.

Procedure to follow after an ejection/suspension:

1. The ejecting umpire shall call his conference coordinator immediately after the game to report any ejection or incident.
2. Via the pull down menu – select the conference coordinator responsible for assigning the umpires to the game. Once the coordinator receives the report, he will then forward the report to the offending team's coordinator (if different); and finally, it is the responsibility of the conference administrator to forward the report to the applicable institution's director of athletics.
3. If there is a suspension, the appropriate suspension information must be completed in full on the report.
4. If there is a suspension, the head coach, acting head coach and game management administrator MUST be notified at the time of the suspension.
5. If an ejection occurs during the NCAA Division I postseason, the ejecting umpire must submit this report and contact the National Coordinator of Umpires by telephone immediately.

Division I National Coordinator of Umpires

Notes:

1. For "Email Address and "Phone Number" enter reporting umpire information. Please be careful to submit accurate information.
2. For "Send To" select coordinator responsible for the conference of the institution responsible for assigning umpires to the game. That coordinator will then forward to the offending team's coordinator (if different) who will forward to the conference administrator and institution's director of athletics.
3. When you hit "Submit," the coordinator will receive a copy and you will receive a confirmation email which may then be forwarded to anyone else who needs to see the report. Copies will automatically be sent to the National Coordinator of Umpires, Director of Umpire Training and Secretary–Rules Editor.

(2) Below Standard – Occasionally deviates from the listed standards
(1) Unacceptable – Consistently deviates from the listed standards

STANDARDS FOR NCAA UMPIRE EVALUATIONS

Plate Work

Stability of Head and Body Position
• Establishes “locked in” position on every pitch
• Does not drift side to side or up and down with pitch
• Does not flinch on swings or foul tips
• Maintains proper spacing from catcher as not to become entangled if catcher moves quickly and unexpectedly
• Eyes remain at horizontal level with ground and does not dip as game goes on. Head at proper height to allow unobstructed view of entire plate
• Works in the “slot” not over top of catcher or to the outside
• Does not set in an unusually high or deep position that would draw attention or questioning of judgment

Timing
• Does not anticipate pitch
• Allows everything that can happen, to happen, before making DECISION, then makes a call
• Does not make a call as the ball is approaching the plate or crossing, but after the catcher has caught the ball
• Stays down in position to call balls

Proper Positioning for Plays
• Attains the appropriate angle and distance for plays
• Not too close nor too far from the play
• Works to get angle over distance when appropriate
• Adjusts position for poor throws or unusual play
Style/Mechanics of Call

- Gives clear authoritative signals and uses correct signals
- Possesses smooth, relaxed style that projects confidence
- Coordinates voice and signals to give professional appearance. Voice is loud enough to be heard but does not draw undue attention
- Does not showboat or change the mechanics of his call during the course of a game

Judgment, Interpretation and Consistency of Strike Zone Throughout the Game

- Maintains the same zone throughout the game
- Is the same for both teams
- Has a grasp of how zone can be adjusted in lopsided game
- Interprets and calls the zone to its written limits
- Does not call “unhittable” pitch a strike nor zone is too small
- Makes concerted effort to call pitches above the belt as strikes

Crew Mechanics and Communications

- Follows NCAA umpire mechanics
- Has good knowledge of proper mechanics and rotations
- Rotates to first and third as needed
- Uses proper verbal and non-verbal communication
- Makes good eye contact with partners between hitters and during developing plays

Timing/Judgment

- Does not anticipate the play
- Allows everything that can happen, to happen, before making DECISION
- Gets the call right

NCAA Mechanics/Crew Communication

- Has a good knowledge of proper mechanics and rotates in the proper situations and is alert enough to adjust if one of the umpire’s partners misses coverage
- Reads partners and fly balls well on outfield coverage and goes out as needed
- Uses proper verbal and non-verbal communication
- Establishes eye contact with partners between hitters and during developing plays
Reactions to Developing Plays
- Exhibits knowledge and perception of how play will develop through correctly anticipating where, how, and the speed at which the play will occur

Adhering to the National Program

NCAA Policies and Procedures
- Adheres to all policies and procedures as outlined in the *2019 NCAA Division I Baseball Game Officials Manual*

NCAA Policies-Playing Rules and Points of Emphasis

# APPENDIX F

## 2019 and 2020 NCAA Baseball Rules Changes

The following rules changes were approved by the NCAA Baseball Rules Committee and the Playing Rules Oversight Panel. They will be incorporated into the rules book for the 2019 and 2020 seasons.

<table>
<thead>
<tr>
<th>Rule</th>
<th>Rules Change, Rationale</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.15a</td>
<td>To require that all non-roster bat/ball persons wear a double ear flap protective helmet while performing their duties.</td>
</tr>
<tr>
<td>Rationale</td>
<td>To enhance the safety of bat/ball persons located in or near the field of play.</td>
</tr>
<tr>
<td>1.16b</td>
<td>To prohibit uniformed team personnel, coaches and extra on-deck hitters from standing or sitting in the dugout extension area or dead-ball area on the home plate side of the dugout during play.</td>
</tr>
<tr>
<td>Rationale</td>
<td>To enhance the safety of bat/ball persons who are supposed to be in this area by restricting coaches and team personnel from entering these areas to observe the game.</td>
</tr>
<tr>
<td>2.7</td>
<td>To allow the defensive team’s head coach to signal the umpire that the coach intends to intentionally walk the batter without throwing four (4) pitches.</td>
</tr>
<tr>
<td>Rationale</td>
<td>To improve pace of play and more closely align the NCAA rules with professional baseball.</td>
</tr>
<tr>
<td>5.15a.2</td>
<td>To penalize a batter for using tactics with the obvious purpose of trying to make the pitcher commit a balk or disrupting the pitcher’s delivery. If this occurs and a balk or illegal pitch is called, or if the pitch is called a ball, the call shall be nullified.</td>
</tr>
<tr>
<td>Rationale</td>
<td>To prevent unsportsmanship aimed at disrupting the pitcher’s delivery.</td>
</tr>
<tr>
<td>6.2d</td>
<td>To clarify that during the backswing, if the batter unintentionally hits the catcher or the ball, the pitch shall be called a strike, the ball will be dead and no runners shall advance on the play.</td>
</tr>
<tr>
<td>Rationale</td>
<td>To clarify that any bat contact with the catcher during the backswing, not just when the ball is caught by the catcher, will be considered backswinging interference. Although this play is still a judgment call, this clarification will enhance consistency.</td>
</tr>
</tbody>
</table>

Rule 6.5f To allow six (6) defensive conferences per game for a regulation game. A maximum of three (3) of these defensive conferences may include a coach.  

Rationale
<table>
<thead>
<tr>
<th>Section</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>To improve pace of play by limiting the number of defensive conferences initiated by defensive players (such as the catcher or infielders) to three (3) beyond the three (3) visits the coach is currently permitted to make.</td>
<td></td>
</tr>
</tbody>
</table>

Delete 6.5f.4

To change an offensive conference if the batter runner or runners leave their position during a defensive conference.

**Rationale**

To decrease the number of unnecessary delays during breaks in the game and allow for consistency in charging offensive and defensive conferences.

8.2d.1

To penalize the batter with a strike and not award first base if, in the judgement of the umpire, the batter makes an intentional movement to be hit by a pitch, regardless of where the pitch is located.

**Rationale**

To provide guidance in enforcing the hit by pitch rule and to deter batters from attempting to be hit by the pitch. “Freezing” by a batter is not considered making an intentional movement. A batter who freezes inside the batter’s box and who is hit by a pitch shall be awarded first base.

8.3e-1 Note

To clarify that a defensive player may not block any part of the base with any part of their body unless they have clear possession of the ball. If the defensive player blocks a base before having clear possession of the ball, the umpire shall call obstruction, the ball shall be dead immediately and the runner involved shall be awarded one base beyond the last base the runner had attained before the obstruction.

**Rationale**

To provide consistent application and simplify umpire judgment at all bases when a defensive player attempts to block the base. This is also intended to reduce the amount of collisions during scoring plays at the plate.

8.5k

To clarify that a runner will be out if the runner is touched by a batted ball in fair territory before the ball is touched by a fielder. If a fair ball goes through or by an infielder and touches a runner after having been deflected by a fielder, the runner shall not be out.

**Rationale**

To clarify the language within the existing rule regarding situations when a batted ball in fair territory contacts a runner and what the umpire should rule on the play.

9.1a

To require that to be in the windup position, the pitcher shall stand with:

a) His chest and shoulders generally facing the batter.

b) His pivot foot touching or in front of the pitcher’s plate and

c) The free foot touching or behind the plane of the front edge of the pitcher’s plate.

**Rationale**
<table>
<thead>
<tr>
<th>Section</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>9.1b</td>
<td>To clarify the set pitching position for umpires to properly apply applicable pitching rules and to further distinguish the set position from the windup position. (A diagram will be included in the rules book.)</td>
</tr>
<tr>
<td>9.1b</td>
<td>To require that to be in the set position, the pitcher shall stand with his pivot foot in contact with and parallel to the pitcher’s plate and his free foot in front of the pitcher’s plate. Further, the pitcher may turn his shoulders and face the batter while receiving the sign prior to facing the respective foul lines and bringing the hands together in the set position.</td>
</tr>
<tr>
<td>Rationale</td>
<td>To clarify the set pitching position for umpires to properly apply applicable pitching rules and to further distinguish the set position from the windup position.</td>
</tr>
<tr>
<td>9.1b</td>
<td>To clarify that the motion known as “the stretch” is part of the set position.</td>
</tr>
<tr>
<td>Rationale</td>
<td>To clarify the set and the stretch pitching motions for umpires to properly apply applicable pitching rules to the set position.</td>
</tr>
<tr>
<td>9.2a</td>
<td>To penalize a pitcher by calling a balk for faking a throw to third base and then throwing to first base.</td>
</tr>
<tr>
<td>Rationale</td>
<td>To hopefully eliminate the “fake to third and throw to first” play, which is considered a deceptive move by the pitcher, and to more closely align the rules with professional baseball.</td>
</tr>
</tbody>
</table>
| APPENDIX E, Section 2 | To expand the existing list of plays that allow the use of video review to include the following to assist umpires in deciding:
1) Force and tag plays at any base.
2) Plays involving runners passing a preceding runner, scoring prior to the third out and whether a runner touched a base.
3) Plays involving hit by pitch.
4) If a runner failed to retouch his base after a fair or foul ball is caught.
5) The umpire’s placement of a batter runner or runners following a boundary call.
6) If interference occurred in an attempt to break up a double play. |
| Rationale | To expand the use of available technology in certain situations to improve college baseball and enhance the chances that the correct call is made. |

Appendix E Section 2 | To establish a coach’s challenge process for the administration of video review by permitting each head coach two (2) challenges for the duration of the game. |
| Rationale | To allow each head coach a maximum of two opportunities to request the result of a play reviewed. The play must be one of the 12 types of plays listed in Appendix E, Section 2. |
| Appendix E | To permit, if the coach’s challenge process is approved, that:  
| Section 2 | a) A coach can challenge any of the 12 reviewable plays at any time, and  
b) The crew chief can decide to review plays 1-6 at any time during the game, but only review plays 7-12 during the last 2 innings of regulation and extra innings.  

Six plays that are currently reviewable:  
1) If a batted ball is fair or foul, when the ball has first touched the ground, or a fielder beyond the initial position of the first and third baseman.  
2) If a batted ball is a ground rule double or a home run.  
3) If any catch or no catch call in the outfield or foul territory.  
4) If a call of “no catch” can be changed to “catch” within the infield if the catch results in the third out with any runners or at any time with a batter runner only.  
5) If spectator interference occurred.  
6) Scoring plays at home plate, including collisions or time plays.  

Six additional plays that are being recommended to be reviewable:  
7) Force and tag plays at any base.  
8) Plays involving runners passing a preceding runner, scoring prior to the third out and whether a runner touched a base.  
9) Plays involving hit by pitch.  
10) If a runner failed to retouch his base after a fair or foul ball is caught.  
11) The umpire’s placement of a batter runner or runners following a boundary call.  
12) If interference occurred in an attempt to break up a double play.  

Rationale  
To control the potential for excessive delays with the expanded use of video review and to align the rules of video review more closely to those used in professional baseball.  

| Appendix F | To require that  
| | a) The time between innings shall be increased from the current 90 seconds (for untelevised games) and 108 seconds (for televised games) to 120-seconds for all games, and  
b) The 120-second clock shall begin when the last out is made. The current rule stating that the clock shall stop when the pitcher begins his pitching motion for the first pitch to the first batter of the inning will remain unchanged.  

Rationale  
To improve the consistency of the time between innings for all games, untelevised (currently 90 seconds) or televised (currently 108). Although the length of time between innings would be potentially increased, the rule for when to start the clock would be more restrictive. Specifically, starting the clock when the last out is made, instead of when the last fielder crosses the foul line, will create a consistent inning break and should reduce the overall duration of game and improve the pace of play.
