

A G E N D A

2021 Site Representative Meeting with Umpires Regionals and Super Regionals

1. Confirm COVID-19 testing schedule for umpires and the umpire rotation.
2. Weather procedures, field lights, halting games, restarting games.
3. Ground rules (establish and confirm). Walk field with crew.
4. Arrival at stadium time/march time/National Anthem.
5. Game balls/extra balls if needed/handling foul balls/balls for plate umpire.
6. Security for umpires, handling any crowd control issues, transportation to field.
7. Hospitality for umpires at locker room and on field between innings; hydration.
8. Laundry for umpires.
9. Seats for umpires not working.
10. Parking, parking passes, any necessary credentials.
11. Protest procedure/pool reporter.
12. Any television issues (i.e., start times, time between innings for 120 second clock, red hat, etc.). (Review Section 8.12 of the 2021 NCAA Division I Baseball Game Officials Manual).
13. Communication throughout the tournament, especially with ejections or suspensions. If there is an ejection or suspension, please call George Drouches (612-432-5351 – cell).
14. Video Review: Regional and Super Regional plays that are reviewable via the NCAA Baseball Playing Rules will be reviewed at a national video review command center, and the outcome of the review will be relayed to the crew chief and an additional designated umpire via headsets on the playing field. ([See Video Review Presentation link](#)).

Bat Testing Protocols (Regionals and Super Regionals). Bat testing will be conducted following each team's practice time the day before games begin. Bats that pass both tests (bat ring test and barrel compression test) will receive a tamper-proof sticker to be placed on the taper of the bat so that it is easily visible.

15. Electronic umpire evaluation protocols (See Site Representative and Head Coach links).
